

## BERKMAN, GOLDMAN AND OTHER RADICAL DEPORTEES RECEIVED WITH OPEN ARMS BY BOLSHEVIKI

Official Transfer to Red Territory on Ice in Middle of Stream.

### KOLCHAK TAKEN PRISONER

This Is News, the Exponents of Anarchy Receive and They Set Up Shout of Joy; Madame Gorky, Wife of Novelist, Greets the Red Party.

By Associated Press.  
TERIJOKI, FINLAND, Monday, Jan. 18.—Russians who were deported from the United States were given what might be termed an official reception last outside this village to a group of about 100 Bolsheviks. Alexander Berkman, Emma Goldman and other members of the All-Soviet executive committee, who after a brief conference with Berkman agreed to permit the whole party to enter Bolshevik Russia.

"There is no question they will be welcomed in Russia," said Zorin. "We will give them work according to their professions and trades, but first we must provide them with comfortable homes and feed them well." Madame Gorky, wife of the novelist, said when she met the deportees: "Russia opens her arms to all who are politically persecuted."

There was a slight delay in getting in touch with the Bolsheviks whose lines were a mile distant from the work marking the frontier of soviet territory.

When finally a conference had been arranged, Berkman, accompanied by "Russian officers and newspaper correspondents," went out on the ice, meeting the Bolsheviks in the middle of the stream. Both parties conspicuously displayed white flags, the one carried by the Bolsheviks, the other by a tablecloth tied to a red pole.

After a short parley the soviet officers summoned the members of the soviet committee of Petrograd. The committee was conducted to Terijoki where a conference was held.

On the way back to the village Zorin told Berkman that Admiral Kolchak had been made prisoner in Siberia. This news was shouted to other deportees who were leaning out of the windows of the train and were received with cheers.

Shortly after the division to receive the deportees was reached the whole party detained at a point where a road crossed the railway and turned toward the forest. A few who were unable to walk were placed in sleds.

HELSINKI, Monday, Jan. 19.—The United States transport, Bismarck, which brought 249 Russians from the United States to Finland arrived here this afternoon, having sailed from Hango this morning with the destroyer Ballard, her convoy.

### FLYER LEAVES RAILS

One Killed, Three Hurt in Wreck Near East Liverpool, Ohio.

By Associated Press.  
PITTSBURGH, Jan. 20.—Joseph Low, 37, of Fort Wayne, Ind., was killed and seven other persons were injured when the Pittsburgh & Chicago express in the Pittsburgh, Fort Wayne & Chicago railroad was wrecked between East Liverpool and New Waterford this morning.

Wires were torn down and railroad officials here were without details. The heavy train was speeding west when one of the engines left the rails. Immediately nine cars followed, one express car turning completely over without serious injury to the messenger working inside.

Two physicians who happened to be on board immediately gave first aid to the injured and men set out on foot to the nearest telegraph office in search of help. The westbound track was torn up for fully 1,000 feet.

### NO FRICK INVENTORY

Magnitude of Task May Mean Delay of Months Over Legal Limit.

By Associated Press.  
PITTSBURGH, Jan. 20.—Although the 30 days allowed by the law has passed since the will of the late Henry Clay Frick was filed here no inventory has been given by the county of records.

Counsel for the Frick estate stated that it had been a physical impossibility to prepare the necessary data and that it was possible several months would elapse before it could be completed.

Committee Near Break.  
WASHINGTON, Jan. 20.—Sensitizers participating in the bi-partisan conference for compromise negotiations to the peace treaty reported today they were close to suspension of the conference because of disagreement over the Foreign Relations committee reservation regarding equality of voting in the League of Nations.

Becomes Chief Clerk.  
C. L. Hughes of Lathrop has succeeded N. H. Phillips as chief clerk in the Pennsylvania freight office here. Mr. Phillips now being acting extra agent.

## SINKING OF STEAMER WITH LOSS OF 49 LIVES IS CHARGED TO MINE

Macona Breaks Up in Terrible Gale After Striking Rocks; Bodies Washed Ashore.

By Associated Press.  
STOCKHOLM, Jan. 20.—Details of the wrecking of the American steamer Macona which struck a rock and foundered Sunday night with a loss of 49 members of the crew were received here today. The second mate, who was rescued hours later from the rigging, was the only survivor. One report attributes the disaster to a floating mine.

The Macona ran aground at 1:30 A. M. Sunday near Indogard and was driven to a treacherous rock during a furious gale. At that hour the Gothenburg radio station received the vessel's radio S. O. S. and the message, "We fill with water quickly."

The station ordered life boats stationed at Bauljorden to go out but 15 minutes later the Macona wireless "unnecessarily" sent life boats. Boats and pilots adhered to first orders, however, putting out to the ship. Soon after the wireless of the Macona was again picked up by Gothenburg but suddenly ceased and it is supposed she broke up at that moment.

Several bodies have been washed ashore north of Varberg.

## LABOR LEADERS MEET TO TALK ORGANIZING THE STEEL TRADE

Plans Will Be Kept Secret Until Close of Convention of Officials in Pittsburgh.

By Associated Press.  
PITTSBURGH, Jan. 20.—Secretaries and field organizers who worked under the national committee of the American Federation of Labor were in session today planning for the unionizing of the steel trade.

The movement is in accord with the statement made by the committee when the strike was formally called off.

No statement, it was announced, would be given to the public until the end of the meeting tomorrow.

## PALMER DENIES INCREASE

No Information Operators Have Added 14 Per Cent to Price.

WASHINGTON, Jan. 20.—Attorney General Palmer said today he had received no information that bituminous coal operators had added to the price of coal the 14 per cent wage increase of miners, authorized by President Wilson pending final settlement of the wage controversy.

"It is true," said Mr. Palmer, "that in some sections of the country a larger price is being charged for coal than that fixed by the Fuel Administration. This makes it appear as if the operators had added the 14 per cent increase in wages to the price of coal."

Where the price is greater than the fuel administration price, it is caused by the fact that the operator alleges that the coal was bought on contract before October 31, 1919, which contract coal was expressly excepted from the government price by an order issued by Dr. Garfield on November 12.

## ALL-DAY SERVICES

Methodists Will Make Great Effort Tomorrow in Behalf of Revival.

"A Million Souls for Christ and His Church before Easter Time" is the slogan of American Methodism. The quota of the local Methodist Episcopal church is 240. During the revival meetings, which are now in progress an effort will be made to secure that number by Easter. Tomorrow an all-day prayer will be observed at the church with services every hour, beginning at 9 o'clock. At 10:30 o'clock, Rev. J. J. Hill, superintendent of the McKeesport district, will speak, at 11 o'clock Rev. J. L. Proudfoot.

Lunch for all Methodists, but not for the general public will be served free from 11 to 1 o'clock. Stanley P. Ashé will be toastmaster. Dr. Hill and Dr. Appleton Bash are the speakers of the afternoon. In the evening at 7 o'clock an illustrated address will be given, followed by the regular service at 7:40 o'clock.

## PASSENGERS RESCUED

All On Down-hill Transferred to the White Star Liner Cedric.

By Associated Press.  
BOSTON, Jan. 20.—The White Star liner Cedric reported by radio last night that she had taken off the passengers from the army transport Powhatan, disabled 200 miles southeast of Halifax, and was bringing them in. The Cedric is bound from Liverpool for New York.

In Pittsburgh Hospital.  
Mrs. Laura Clark of McCormick avenue is in the West Penn hospital, Pittsburgh, for medical treatment.

## LEADING EDUCATORS AT PERRY TOWNSHIP PATRIOTIC RALLIES

"Americanization" Will Be Theme of Addresses By Dr. Kelly, Pittsburgh, and Prof. Bach, Harrisburg.

The school board of Perry township has arranged for two Americanization programs for Friday evening, January 23, at Star Junction and Perryopolis, respectively, the Star Junction meeting at 8 o'clock and Perryopolis meeting at 8 o'clock. The program follows:

Song, "America," by audience; "Why We Must Americanize" by Dr. Kelly, Pittsburgh, and Prof. Bach, Harrisburg; questions and other addresses; Miss Mary Elizabeth Gilpin will have charge of the music at Star Junction and Mrs. W. L. Fife at Perryopolis.

## OPEN SCOUT SCHOOL

Leaders of Boys Will Be Given Instructions in Work.

The first session of a 10 weeks' course in instructions for scoutmasters and their assistants, as well as for any interested in scout work who are willing to become leaders, was held last night at the Baltimore & Ohio Y. M. C. A. The meeting was well attended by scout leaders and interest is expected to grow as the development of the organization continues.

A talk on first aid was given by Dr. G. H. Edmunds which will be followed by knot tying and the tests which scout leaders are required to give members of their troop will be taught. E. W. Haviland will have charge of the scout singing and yells. Captain A. R. Skemp of Company G, Third Regiment, Reserve Militia, will be in charge of the drills. A meeting will be held every Monday night.

## LEGION ENDORSES BILL

Stand on Anti-Sedition Measures Commended to Members of Congress.

Last week Milton L. Bishop Post, the American Legion, adopted resolutions endorsing the anti-sedition bill before Congress and copies were sent to Congressman Martin L. Davey of Ohio, author of the bill, Congressman S. A. Kendall, Senator Knox and Senator Penrose. Replies have been received from all but Senator Penrose, who is ill.

Congressman Kendall expressed himself as heartily in sympathy with the measure. Senator Knox thanked the post and said he would present the resolution to Congress.

## LIQUOR LICENSE SOUGHT

Pittsburgh Brewing Company First in County to File Application.

The Pittsburgh Brewing company has filed in Uniontown, application for license for the plants in Connellsville and Uniontown. It is the first to do so. Under the Brooks law manufacturers of beer or dealers in liquors of less alcoholic content than is permitted by federal amendment must pay the usual license.

The Pittsburgh Brewing company is said to have modified the beer remaining on hand to conform with the law.

## FOUR NEW TEACHERS

Diplomas Granted Them on Completion of Sunday School Course.

A class of four members of the teacher training class of the Church of the Brethren mission on the West Side was graduated Sunday evening at exercises taking the place of the regular service.

In the class were Mrs. John Sleight, Miss Rowena Fink, Wilbur Beahm and Miss Cora Christy. C. C. Beahm was teacher of the class. Each member was given a diploma.

Rock Dull Leaves Hospital.

Rockwell Dull has been discharged from the Cottage State hospital, to which institution he was admitted for treatment of burns of the face, suffered when a companion upset a bottle of carbolic acid, the contents splashing over Mr. Dull's face. The burns have healed nicely. His sight, which was at first thought to have been affected, has been fully restored.

## MEET CLOSE HYDRANTS

Mayor Duggan has instructed the police to see that the practice of Sydneys residents of allowing hydrants to run to prevent freezing must be stopped. The water runs on to the streets and freezes and travel becomes dangerous.

## ARMY GOODS SAFE DELAYED

The sale of army goods received in the city by the mayor will not be placed on sale until the price list is received.

## C. J. POOLE III.

C. J. Poole, assistant superintendent of the Fayette County Gas Company, is ill at his home in Freeman lane with an attack of grip.

## RECOVERING FROM FEVER

Mrs. J. Earle Roberts, who has been very ill of scarlet fever at her home in Uniontown, is convalescing.

## TITLE & TRUST IS MADE DEPOSITORY FOR CITY FUNDS

Its Proposal Is Three and One-Fourth Per Cent; Young Trust Offers Three.

## BIDS FOR HOSE OPENED

Three Firms Offer to Supply Equipment for Fire Department But Award Is Held Over Until Next Meeting of Officials Approved.

The Title & Trust Company of Western Pennsylvania was last night awarded the custody of the general and sinking funds of the city by contract for a period of two years, its bid being three and one-fourth per cent interest on daily balances as compared with three per cent offered by the Young Trust company.

Bids for 1,000 feet of fire hose and for rubber coats and hats for the firemen were held over until next Monday evening. Three bids were submitted. The Republic Rubber company offered to furnish hose at \$1.25; \$1.25 and \$1 per foot. It also submitted bids for the firemen's equipment at \$8 for the coats and \$2.50 for the hats. The other companies did not bid for these. The Quaker City Rubber company's bids for hose were \$1.50, \$1.15, \$1.35 and \$1.07. The United States Rubber company offered its product at \$1.50, \$1.40 and \$1.20. Selection of the hose to be bought was left to the head of the public safety department, the purchasing agent and the fire chief.

The bonds of A. O. Dicker, city treasurer, for \$35,000, Harry G. Mason, clerk, \$4,000 and R. E. Shaw, superintendent of accounts and finance, \$3,000 were approved. The bonds were provided by a fidelity company through the agency of J. J. Thompson.

The budget introduced at the previous meeting and carrying a total of \$109,855 was adopted without amendment.

Superintendent Jesse L. Cypher of the public safety department was authorized to purchase six pairs of rubber boots from the army store on the West Side at \$6 a pair, for use of the firemen.

City Assessor E. T. Lyne was authorized to make the 120 tax duplicates and for this work he will be allowed \$60, an advance of \$10 above what has been paid heretofore.

## OFFICERS REPORTED TO BE ON TRAIL OF THE MISSING WHISKY

Police Not Notified of Disappearance and Know Nothing of It, They Say.

The city police are not to participate in the investigation of the theft of 43 barrels of whisky from White Rock Distilling company's bonded warehouse. This seems evident from the fact that no report of the robbery has yet been made to the local officers.

Reports are that federal agents are working on the case. It was said yesterday the robbery had been reported to John Irwin, deputy internal revenue collector.

There are differences of opinion as to the robbery, some declaring it to be the work of an organized gang operating in various sections of Western Pennsylvania, others declaring the work was done by local persons.

It is estimated it would have taken three automobile trucks to remove the 43 barrels that are missing.

## GOING OVERSEAS

J. D. Ritenour Seeks Service With the Army of Occupation.

J. D. Ritenour, Crawford avenue, Connellsville, who served in France with the 24th Engineers, has enlisted again with the engineers and will leave Wednesday night for overseas to serve with the Army of Occupation.

Mr. Ritenour is a son of Mr. and Mrs. Charles Ritenour of this city. He will report first at Columbus barracks and then will be assigned to a command for overseas.

Mr. Ritenour has been electrician for the Siron Iron & Steel company.

## ANOTHER "POOR MAN'S" WELL AT M'KEESPORT; OIL MAY BE NEAR IN DUTCHER NO. 2

By Associated Press.  
PITTSBURGH, Jan. 20.—An oil well in the Snake Hollow gas field near McKeesport was at fever heat today when it became known that another "poor man's well" had come in with an estimated flow of 4,000,000 cubic feet a day and the gas had been found in the "Big Injun" sand at 950 feet. The well is located outside the district where intensive drilling has been in progress and according to some authorities means an extension of the field.

The Druggs well, which was called a duster in the Speckley and last week, was drilled down to the Bradford sand, 5,580 feet and came in today with a flow of 800,000 cubic feet.

Another cause for excitement was the strong flow of salt water struck in Dutcher No. 2. The flow at times going over the top of the derrick. This, experts in the field declared, indicated the presence of oil.

There is some Connellsville stock in Dutcher No. 2.

## Weather Forecast

Snow tonight and Wednesday; colder Wednesday, the noon weather forecast for Western Pennsylvania.

Temperature Record.	
Maximum	1920 1519
Minimum	48 55
Mean	18 30
	33 43

## HOLLAND WILL REFUSE TO GIVE UP THE FORMER KAISER, BARON VON LERSNER THINKS

By Associated Press.  
PARIS, Jan. 20.—Belief that the efforts of the Allies to get former Emperor William out of Holland will prove unsuccessful was expressed today by Baron von Lersner, Germany's chief representative here.

"I am reasonably sure the Dutch government will never surrender; the former German emperor for trial on charges that are not provided for in any constitution, laws or treaty regarding extradition," he said.

With regard to the expected demand for the extradition of German subjects for trials for acts committed during the war he declared himself certain that public sentiment in every country was against such a demand.

"It is contrary to any law or precedent," he said. "The feeling of the whole world in favor of peace is stronger than the feeling anywhere for revenge. I hope strongly that the Allied statesmen will find a solution of this question that will leave the world in tranquility."

THE HAGUE, Jan. 20.—The demand of the Allies upon Holland for the surrender of former Emperor William reached The Hague late Saturday night through the ambassador of the Netherlands at Paris, to whom it was handed Friday by the secretary of the peace conference. The Dutch government yesterday asked that the following acknowledgment of its receipt be published:

"We learned that the demand for the delivery of the former German Emperor into the hands of the Allied powers has now reached the Dutch foreign office."

## TWENTY-EIGHT COAL MINES OPERATING IN INDIAN CREEK VALLEY

Year 1919 Best in History of Region Which Grows Prosperity to the Road Traversing It.

At a meeting of the stockholders of the Indian Creek Valley railway, held in Uniontown yesterday, the same officers and directors were re-elected for the ensuing year. One of the best years in the history of the road was reported and the current year is expected to be even better than the past one.

The directors are J. R. Gray, D. W. McDonald and J. W. Ray, Jr., of Uniontown, and Charles F. Hood, S. F. Hood, Joseph D. Hood, George W. Campbell, J. J. Dougherty and C. D. Schell of Connellsville. The officers elected are: James R. Gray, president; Charles F. Hood, vice president; D. W. McDonald, secretary, and J. J. Dougherty treasurer and general manager.

The wonderful development of the Indian Creek valley is attributed to the railroad. In the past four years coal operations have increased from two custom tracks to 28 modern mines.

Among the large operations are the Koppers company with a large by-product coal plant, and the Indian Creek Valley Coal & Coke company with 15,000 acres and two operating mines. Field shipments at present are 30 cars a day, but there are sufficient operations for 60 cars.

## ESTATES OF THE DEAD

Orders Covering Number, Value \$100,000, Handed Down in Uniontown.

Orders in many estates aggregating more than \$100,000 were handed down Monday by Judge J. C. Work in Orphans court disposing of a number of cases which have been before the court for several years. Among the orders were:

Estate of Daniel H. Pershing, Bullskin township, died April 24, 1903; Amanda J. Pershing and R. K. Hissam, administrators; assets, \$3,418.41; credits, \$1,294.87; balance of \$2,123.54 distributed, each of the following receiving \$302.92: Nevada Atkinson, Louise Seaman, Minnesota Steyer, Idaho Jackson, Missouri Brader, Abraham Pershing, Stewart Pershing, Ira Pershing and Emerson Pershing.

Robert H. Wright, of Dawson, died April 5, 1918; Elizabeth Wright and George F. Wright, administrators; assets \$49,329.45; credits \$6,330.95; balance of \$43,000 distributed among Elizabeth Wright, George F. Wright and John W. Wright.

Estate of Charles A. Jones, of Connellsville, died August 1, 1918; Harry W. Donnell, administrator; assets, \$5,737.27; credits, \$1,063.20; balance \$4,674.07 to Fayette Title & Trust company for wife, who has life interest and at her death to be distributed to children.

Estate of Kathryn L. Shaffer, of Connellsville, died October 15, 1918; Caroline Miller, administratrix; assets, \$4,500; credits \$357.13; balance to Title & Trust Company of Western Pennsylvania in trust for Kathryn Gladys Shaffer.

Moves Into New Home.  
Mr. and Mrs. Howard Myers have moved into their new home at 411 East Patterson avenue, recently purchased from G. A. Wilson.

## KNOCKED DOWN BY HORSE

Adelaide Han Falls to See Husband's Annual Gift Too Late.

Stepping out of the way of a Pittsburgh & Lake Erie train yesterday morning, Luke LaPorte of Adelaide, was knocked down and injured by a runaway horse. The accident occurred at the Junction mines at Broad Ford.

LaPorte is employed by the Pittsburgh & Lake Erie railroad and as he stepped off the track to avoid being struck by the train, the horse, which was hitched to a post back away and ran down the track. LaPorte did not see the approach of the animal until it was upon him. The injured man was removed to the Cottage State hospital. He suffered a slight wound of the scalp and a contusion of the right leg. He is 50 years old.

## SUPERVISORS TO MEET

Fifth Annual Gathering Will Be in Uniontown Saturday.

The fifth annual meeting of the Fayette county supervisors, county commissioners and representatives of the State Highway Department will be held in the municipal building, Uniontown, Friday, January 23.

The morning session will be from 10 to 12 o'clock, afternoon 1 to 4. Some of the speakers will be Senator W. E. Crow, J. S. Carroll, Earl S. Arford, R. F. Hensel, superintendent of Sunshine mines of the American Connellsville Coal & Coke Co.; County Engineer E. C. McCollough, members of the State Highway Department and others.

Slayer of Three Caught.  
CHICAGO, Jan. 20.—Louis Alverio, under arrest in connection with the recent murder of a shop-boy, confessed his name is Nick Belisio, wanted in Fairmont, W. Va., for the slaying of three persons, according to detectives.

New Greensburg Postmaster.  
John T. Painter has been appointed postmaster of Greensburg, succeeding J. M. Zimmerman who resigned July 1, 1919.

## DRUGGISTS BOOST PRICES FOR SOFT DRINKS AND CREAMS

Advance is Hundred Per Cent on Practically All of the Popular Drinks.

## FORCED TO, THEIR DEFENSE

Higher Cost of Sugar and Syrups Prompts Dealers to Get Together and New Schedule is Agreed Upon; Quantities Cut Where Price Is Same.

Prices of all soft drinks and other fountain delicacies took a big jump in this city today. The increase was decided on yesterday afternoon at a meeting of the druggists. The increases are due to the greater price demanded for sugar and syrups, the druggists declare.

The advances will be a hard blow to the regular patrons of the fountains, many of them being as much as 100 per cent. In some instances druggists may not raise their prices but will serve smaller quantities.

All plain sodas go to 10 cents. This drink was formerly one which could be bought for a nickel, but such a cheap drink is now a thing of the past. There is nothing at all under 10 cents. Ice cream sodas also take a jump. The dishes, when consisting of only two items are now 20 cents. Formerly they sold for 15 cents. Anything over two items goes to 25 cents and "banana splits" go up a dime, the new price totaling 35 cents.

Plain ice cream will sell at 11 cents, but it will not be in such a large dipper. A larger dish will cost 15 cents. Ice cream sodas will be 20 cents. Old timers remember when this used to be a popular warm weather drink which sold for a nickel. Many persons who made an early morning "breakfast" on malted milk chocolates will pay high. The egg malted milk will cost 10 cents, the plain egg drink will be 35 cents, a plain malted milk 25 cents. Milk chocolates, another popular drink, also goes up. Without ice cream the drink will be 15 cents, instead of 10 cents as formerly. With ice cream another nickel is added, making a 25 cent drink.

Only the druggists were represented at yesterday's meeting, but one said this morning it will only be a short time until all soft drink dispensers in the city will be operating on the same schedule of prices. Several had already inquired about the increase, which, he said, was absolutely necessary.

The new price schedule has taken the public by surprise as no previous announcement had been made. Many who ordered up their drinks this morning were compelled to find an additional nickel or dime.

## SILK OFFICIAL RESIGNS

B. L. Bloom of Specialty Company Going With Harrisburg Concern.

B. L. Bloom, general manager of the Connellsville Silk company, also of the company's plants at Pottsville, Lawrence and Mount Morris, has resigned to become a partner in a silk mill in Harrisburg. The plant is well under way of construction and will be ready to put into operation in about a month.

Mr. Bloom has been temporary superintendent of the Connellsville silk mill for the past several months, being relieved in December by the new superintendent, A. V. Hoyer. He left last night for his home in New York, his resignation becoming effective today.

## U. P. REVIVAL OPENS

Rev. R. C. Rette, of Erie, to Evangelize; Large Choir and Orchestra.

Evangelistic services were opened in the United Presbyterian church last evening with Rev. R. C. Rette of Erie as the preacher. The church was well-filled for the initial revival effort. The minister used for his subject, "God Looking For a Man Through Whom He Can Work."

There is a chorus of 30 voices, which is to be increased. It is under the direction of Robert L. Werner. An orchestra assists in the music. The public is invited to attend the services which will be held each evening but Saturday for two weeks.

## MAYOR TO BE HOST

City Officials and Others Invited to Banquet Thursday Night.

Mayor John Duggan has called a conference of members of council, members of the old council who resigned, the clerk, city treasurer and former city treasurer, street inspector, Postmaster W. D. McGinnis and others at the Columbia hotel Thursday evening.

The gathering will be on the occasion of a dinner at which the mayor will be host, and at which plans for the year will be discussed.

## Cruise to the Mediterranean

Chief Musician Lister of the local naval recruiting station has been advised that a group of new destroyers will shortly make a cruise to the Mediterranean, sea and later to the Atlantic.

Ex-service men who desire to make this trip should apply promptly for enlistment.

## HOUSING OF ITS EMPLOYEES PROBLEM FOR SCOTSDALE

Number of Houses Not Nearly Adequate for the Persons in Industry.

### OTHER PLANTS ARE COMING

Location of Two in Prospect Will Mean Addition of 200 to Rost of Those Coming Mostly From Other Towns; Alverton Woman Dies.

Special to The Courier.

SCOTSDALE, Jan. 20.—The Scottdale chamber of commerce has what it feels one of the most important questions that has ever come before it for discussion and some disposition at this time—that of lack of enough homes for men employed in Scottdale. At the Everson car shops, the Old Meadow mill, the Scottdale Sheet Mill, the pipe mill, the furnace, the Marion Foundry & Machine company's plants are 350 men work who do not live in Scottdale. Scarcity of homes is one reason why they do not live here and this condition must be faced.

Shortly Scottdale will open two other industries and these will employ girls and men who will for the most part travel into town and not live here. These two new industries will employ about 200 persons and will add greatly to Scottdale's industries.

Mrs. Amanda E. Conlin, 64 years old, died yesterday morning at Alverton. Funeral services will be held Wednesday afternoon at 2 o'clock and interment will follow in the Alverton cemetery.

Kennedy-Gibbs.

On Sunday banns were published at St. John's church for Miss Mary Kennedy, daughter of Mr. and Mrs. M. J. Kennedy, and Lieutenant L. Gibbs of Norfolk, Va.

Miss Marion Bambrick was hostess to the Trio club at her home on Saturday afternoon. The club had as its guests Mrs. F. E. Weddell, Mrs. Harry Newcomer, Miss Katherine Froehlich of Jeannette, the house guest of Miss Bambrick, Mrs. W. R. Stanbaugh, Turtle Creek; Mrs. B. J. Bare, York; Mrs. F. E. O'Connell, Pittsburgh; and Mrs. O. V. Chamberlain, Washington, Pa.

Personal.  
Miss Florence Fitzgerald of Pittsburgh spent Sunday at her home here. Mrs. A. J. White and children, Nondas and Arthur are visiting friends in Greensburg.

Mrs. W. R. Stanbaugh of Turtle Creek is visiting her parents, Mr. and Mrs. J. I. Dick.

Mrs. B. M. Bare and children of York are visiting at the home of G. M. Brengle for several weeks.

Mrs. C. A. Busch has gone to Cleveland to visit friends.

Miss Adrienne Browning has returned from a several weeks' visit with friends in Wilkingsburg.

The Rev. E. H. Laubach on Sunday morning preached the annual memorial sermon to a good turnout of the Scottdale volunteer fire department.

Misses Jennie Gues and Rebecca Herzog entertained a number of their friends with a skating party at the car shops last evening.

### IMPORTANT TO ALL WOMEN READERS OF THIS PAPER

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder ailment. You may suffer pain in the back, headache and loss of ambition. Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kline's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions. Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine will do for them. By enclosing ten cents to Dr. Kline & Co., Boston, N. Y., you may receive sample, size bottle, by Parcel Post. You can purchase medium and large size bottles at all drug stores.

## Bilious? Take NR Tonight

Nature's Remedy is Better and Safer Than Calomel. Cleans Out System Without Gripping. Stops Sick Headache. Guaranteed.

Bilious attacks, constipation, sick headaches, etc., in the great majority of cases due to digestive trouble and no reasonable person can expect to obtain relief or lasting benefit until the cause is corrected.

Nature's Remedy (NR Tablets) is a vegetable compound that acts on the stomach, liver, bowels and kidneys, the purgative being to bring about healthy and harmonious action of all the organs of digestion. Indigestion, flatulence and constipation, therefore, get so mildly and gently that there is never the slightest feeling of discomfort.

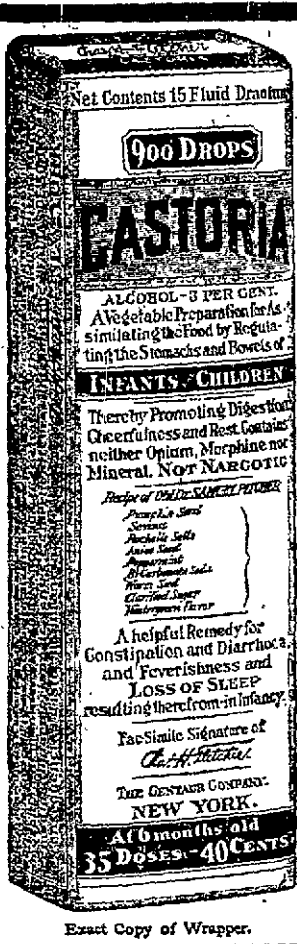

But that is not all. Nature's Remedy (NR Tablets) have a beneficial effect upon the entire body. By improving the process of digestion and assimilation, the nourishment is derived from food, the blood quality is enriched, vitality is increased and the whole system strengthened.

Once you get your body in this splendid condition, you need not take medicine every day—just take an NR Tablet occasionally when indigestion, flatulence and constipation threaten, and you can always feel your best. Remember keeping well is easier and cheaper than getting well.

Get a 25c box of Nature's Remedy (NR Tablets) and try it. It is sold everywhere and recommended by 39,122 doctors.

# CASTORIA

For Infants and Children.

Mothers Know That Genuine Castoria Always Bears the Signature of J. C. Ayer & Co.

In Use For Over Thirty Years

# CASTORIA

The Centaur Company, New York City.

Exact Copy of Wrapper.

Wake for the alarm clock scatters into flight. The variegated nightmares of the night. Allures the gas into the kitchen range. And pleads for rolls and muffins that are light.

**BREAKFAST DISHES.**

Breakfast foods are on the market in such numbers that one might have a different one each day during the year, or at least long enough to forget if one is repeated.

**Eye Mush.**—Take a quart of boiling water, one teaspoonful of salt, five heaping table-spoonfuls of rye meal. Sprinkle the meal into the boiling water, stirring constantly; add the salt, bring to a boil once more and cook slowly in a double boiler one hour and a half. Serve with sugar and cream. The advantage of a long-cooked cereal is that one may repeat it and serve it in a very few moments.

**Fried Oatmeal Mush.**—Put a broad pan in cold water and pack into it any leftover oatmeal. The next day turn out, cut in slices, dredge with flour and fry in hot bacon fat. Serve with bacon or with a strip, if liked. Any leftover cereal which does not contain fruit may be served in this way.

**Velvet Mush.**—Melt two tablespoonfuls of butter in a double boiler, add two cupfuls of flour and stir until it leaves the sides of the dish; add five cupfuls of milk, stirring constantly, and bring to a boil at each cupful. Add a teaspoonful of salt; mix well and serve with sugar and cream.

**Oatmeal Jelly.**—Soak a cupful of oatmeal overnight in cold water to cover deeply. Add boiling salted water in the morning and boil several hours, adding more water if needed. When every grain is transparent and jellylike it is done. This is delicious served cold with fruit, sugar and cream.

**Crushed Wheat With Raisins.**—Add a half cupful of wheat to three cupfuls of boiling salted water and cook until the water has disappeared; then add three cupfuls of hot milk and cook until the wheat is soft. During the last hour of cooking add a half cupful of raisins. Raisins are healthful and are an agreeable addition to almost any cooked cereal.

## HISTORY BEING WRITTEN ON PAGES 18 FT. HIGH, 50 WIDE

Series of Bulletins Located Along Highways to Re-all Events in Which Pennsylvania Is Rich.

Writing history in letters a foot tall on pages 18 feet high and standing the pages along the roadside so that no who runs may read is the most recent method adopted for recalling to memory much of the forgotten lore in which Pennsylvania is rich.

Motoring along some peaceful country highway far removed today from the spots where history is believed to be in the making one comes upon a great open book labeled "History of the United States" and learns from its pages that near that quiet, secluded spot occurred some event that back in the day of the roadskins or in Revolutionary times made a decided dent in the course of events.

When these pages of history first began to appear on the landscape automobilists expressed a friendly interest in them, but as more and more places of historical significance were marked there came from the motorists a chorus of approval. Motor routes that were formerly rather dull affairs have suddenly become filled with a new interest, the silent forests have become alive again with Indians, truly colonialists re-people the countryside and Continental troops wage their small but fateful warfare behind stone fences and on grassy hillsides.

The credit for this novel method of reviving interest in the events of bygone days belongs to the United States Tire company. The erection of these bulletin boards—they are 30 feet long and 18 feet tall—are not confined to Pennsylvania. The boards are not things of a season only. It is the intention to "turn a page" each year and place new history upon it.

The history of Pennsylvania is told on these bulletin boards from the earliest settlement by the Swedes and the Dutch who followed them as travelers down to the history made in this World War by Pennsylvania men.

## STOPPED COUGHING SPELLS AT NIGHT

He Dreaded to Go to Bed, Breathing Was Difficult, Strength Was Gone.

TOOK HYPO-COD FTM DATES; FEELS GRAND

"My father had one of the worst colds I've ever heard of. The constant coughing were him all out and he actually dreaded to go to bed nights for he coughed most of the night and he had difficulty in breathing," declared Thomas Lewis, with the Republic Rubber Co., Youngstown, Ohio.

"It had him so weak and run down I feared he would never get over it, but in spite of the terrible run-down condition he was in when he started taking Earle's Hypo-Cod and that choking, breathless condition has gone entirely. Today he never felt better and it surely is fine to know such an extraordinary medicine is made, continued Mr. Lewis, 522½ Lexington avenue, Youngstown, Ohio.

That stuff-up, congested feeling with shortness of breath and cough points to bronchial and asthmatic trouble and Earle's Hypo-Cod is recommended by thousands for this. Get a bottle tonight at your druggist. Earle's Hypo-Cod is sold here by Bissel & Co., and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—ADV.

## Confluence.

CONFLUENCE, Jan. 18.—Revival meetings in the M. E. church at Johnson Chapel still continue with unabated interest, with Rev. C. D. Finster, the pastor in charge.

The Laurel Coal Mining company's mines on the Reed farm which were closed down temporarily resumed work again yesterday.

Mrs. A. L. Bird of the West Side is ill.

Laurel Bowlin, clerk in U. Kuriz's department stores met with a painful injury yesterday while at work by falling from a platform.

Mrs. J. C. Younk and daughter, Ethel, were shopping in Conneltsville yesterday.

A visitor who was a patient in the hospital at Pittsburgh for a couple of weeks came to his home here yesterday much improved.

Mrs. J. B. Lytle has returned from Uniontown where she had been called on account of the illness of her mother, Mrs. H. Burnworth and reports her mother better.

Mrs. Cyrus Sanzer and niece, Helen Brown went to Dawson yesterday to visit friends.

James A. Wilkins of Addison township was a business visitor here yesterday.

Rev. C. W. Diehl, pastor of the Christian church, has returned from a visit to Vanderbilt, where he attended a convention of his denomination.

Miss Odella Shipley has returned from a visit with friends at Bidwell. Elmer Shipley, the mail carrier is off duty on account of illness. John Turney is working in his place.

A. E. McKiever of the Queensborough Coal company, Somerset, was a business visitor here yesterday.

The Laurel Coal Mining company's mines on the Reed farm closed down yesterday for several weeks.

Mr. and Mrs. Howard Sanzer of Pittsburgh visited Mrs. Sanzer's father, A. H. Humbert and brother, C. B. Humbert, here yesterday.

Edward Reid has returned to his work in Dickerson Run after a visit with his parents here.

The revival meetings at Johnson Chapel have closed with 15 conversions in the church.

Len Cronin of Conneltsville, is visiting his parents here on account of his father being very ill.

## Do you hate to get up on cold mornings?

It's not hard if you have a Perfection Oil Heater.

Just light your Perfection when you wake up and sneak back under the covers for a few minutes while it drives away the chill.

Almost before you know it the room is warm and comfy.

Start the day with a smile instead of a shiver!

## PERFECTION OIL HEATERS

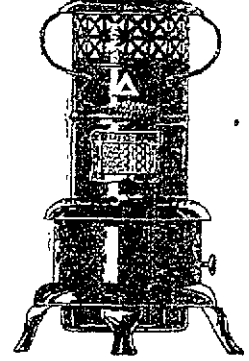

There's no "waiting" for a Perfection Oil Heater. It gives out full heat as soon as it is lighted and quickly warms up an ordinary sized room.

You'll be surprised too at the amount of coal it will save you in addition to the extra comfort it gives.

Easily carried from room to room. Smokeless, odorless and absolutely safe. You can't turn the wick too high.

There is a Perfection dealer near you.

## INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 5 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are signs of Acid-Stomach—belching, heartburn, bloating after eating, food repelling, sour, sticky stomach. There is a remedy, however, which will cure these conditions much more quickly than the stomach itself can. It is called EATONIC.

The cure thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful letters of EATONIC writers. "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."

We have boundless letters—telling of these marvelous results. Try EATONIC and you, too, will be just as enthusiastic in its praise. Four druggists near EATONIC, get a big box from him today. He will refund your money if you are not satisfied.

**EATONIC**

**PROHIBITION ENFORCEMENT.**Those citizens who have given  
mature consideration to the enforce-  
ment of national prohibition will agree with  
Rev. Buckner in his assumption that  
"our duty is to stand for the best and  
highest expression of citizenship." In-  
terpreted freely this statement means  
that the motives of those charged with  
the enforcement of the law, the mould-  
ing of public opinion, and the giving  
of direction to thought and sentiment  
with respect to the establishment of  
the new order, must be free of prej-  
udice, without rancor or hatred, or de-  
sire to wreak vengeance. Instead, they  
should seek, in fairness and charit-  
ableness, to inspire greater respect  
and reverence for all law while safe-  
guarding the sovereignty of the Amer-  
ican people as their greatest privilege.Having been made a part of the  
fundamental law of the land by the  
orderly process which the Constitution  
provides, and ratified by more than  
the required number of states, the 18th  
Amendment is to be accepted as the  
expression of the will of the majority  
of the people, which has been the  
established rule of democracies from  
the beginning. Under the new law, as  
under all others, the quality of a man's  
citizenship will be determined by the  
readiness and completeness with  
which he yields obedience to its man-  
dates.It therefore becomes very proper to  
say, as Rev. Buckner has said, that  
"whoever enters upon a program of  
campaign to defeat the purposes of the  
law should be looked upon as an  
enemy of America." They are such  
just as much as the willful plotters  
and conspirators who plan to over-  
throw the government by force. There  
will doubtless be a number who are  
thus disposed, but they will be in the  
minority as lawbreakers always have  
been, and they will have to be dealt  
with as such.On the other hand "a spirit of  
acquiescence is shown, there is nothing  
wrong," Rev. Buckner says, "in dis-  
playing kindness toward those who  
have been in the liquor business," but  
by due process of law have been de-  
prived of it. Such persons are citizens  
in as full sense as people who have  
been engaged in other lines. Until  
the amendment became effective their  
business was legalized. That relation  
has now ceased hence their citizenship  
will be judged by the attitude they  
maintain toward the new order. A  
great majority of those formerly en-  
gaged in the traffic have accepted the  
changed conditions and will readily  
comply with all the provisions of the  
law. But those who are less mindful  
of their obligations as citizens will  
be influenced by no such motives. They  
will take desperate chances for the  
sake of unlawful gain. Against such  
the law must be invoked without dis-  
crimination, fear or awe.While this element must thus be  
made to give heed to the law and re-  
spect public opinion, we are reminded  
by Rev. Buckner that "no law can it-  
self accomplish miracles. We have not  
arrived at the millennium. We live in  
a fog of sin and we think we have  
it. It is foolishness to say we will rely  
upon the law to make people good. The  
thing we must do is to open the eyes  
of Jesus Christ—get it into the  
hearts of men. Men's hearts are too  
dark; harder to do wrong. We must  
have a heart, warm enough and a head  
big enough to be generous to those  
who honestly try to do these things,  
and stand with us for our country, its  
institutions and its best traditions."For those who will not thus honest-  
ly try to respect the law and assist  
others "to stand for the best and high-  
est expression of citizenship," there  
must be no dilly-dallying. They should  
be made to feel and know that the law  
must and will be enforced.**THIRTY WEEK.**No organized effort, such as is being  
made in many communities, is being  
employed in Connelville to empha-  
size the importance of Thirty Week,  
but attention is being directed to it in  
other ways. One of the banks of the  
city is putting on some special ad-  
vertising urging that every person  
give the matter of working, earning  
and saving special consideration as  
means of helping to increase produc-  
tion, to decrease the cost of living  
and to make provision for future in-  
dividual welfare and prosperity, as  
well as of the nation. In Uniontown  
the clearing house association has  
taken hold of the campaign and with  
the cooperation of the merchants has  
been pushing it vigorously through  
newspaper advertising.The Thrift Week idea was devised  
by the federal reserve bank with a  
view to impressing upon the heads  
and the members of families the de-  
sirability, and also necessity, of giv-  
ing recognition to this daily lives to  
sound economic and business prin-  
ciples as one of the agencies in meet-  
ing war conditions. Saving money is  
but one of the subjects touched uponby the campaign. Others relate to  
economy in expenditures, the impor-  
tance of owning one's home and carry-  
ing life insurance; prompt payment of  
bills; cooperation with employers and  
neighbors in giving an actual and real  
demonstration of the gospel of work  
and saving, all for the purpose of affect-  
ing a cure for industrial and econ-  
omic ills; and better fitting citizens to  
produce against those days when they  
will be less able to continue as active  
producers.There is so much of common sense  
in all the suggestions that are being  
offered that no citizen should delibe-  
rate long as to what course he should  
pursue with respect to the campaign.  
Giving its lessons practical applica-  
tion in their daily lives will mean so  
much that the young, middle aged and  
old ought to consider themselves for-  
tunate that their attention has been  
directed to these things and that they  
have the opportunity not only to earn,  
but also to learn how to expend judi-  
ciously and save prudently.Secretary Daniels is now qualified to  
give testimony as to the effects of  
death taxes.Holland has the gentle task upon his  
hands of inducing ex-Kaiser Bill to  
admit that his welcome has worn out  
"the wool pulled over its eyes."Congress had better beat Secretary  
Daniels to it in the matter of an in-  
vestigation if it does not wish to have  
"the wool pulled over its eyes."Next to the Thompson failure the  
18th Amendment is about the richest  
pasture for the attorneys.The cry for relief of the Armenian  
sufferers can be stifled by the chink  
of coins and bills upon the collection  
plates.The Reds sent over on the soviet  
ark have been as enthusiastically wel-  
comed in Russia as they were joyously  
speeded a "bomb" voyage from Ameri-  
can shores. They ought to be happy  
and probably will be so long as they  
don't have to work.

Bring Home the Dead.

Pittsburgh Dispatch.

Between the assurance of Secretary  
Baker that he will bring home the  
American dead whose lives were thrown  
into the balance in favor of civiliza-  
tion and the attitude of Ambassador  
Jusserand of France, there is a choice  
which may be bridged ultimately by  
some sacrifice of the two countries. Secretary  
Baker informed the delegation from the  
various Bring Home the Soldier Dead  
League that he has not forgotten his  
promise, which will be carried out as  
promptly as arrangements can be made  
with the French government. Sorrow-  
line mothers have taken this to mean  
that their work has been crowned with  
success, but the letter of Ambassador  
Jusserand to the American Senate and  
Preservation Society, lamenting almost  
insupportable difficulties in the way  
of the other direction. The final  
decision seems to rest not so much  
with Secretary Baker as the French  
government, which evidently has made  
up its mind to refuse the American  
request.The dead of other nations, he says,  
cannot be removed, not even those of  
France, and under such circumstances  
it would be unfair to allow our request  
and deny all others. Because France  
and other governments are unable, or  
unwilling, to send home their dead will  
not oblige us to Americanize our  
reason why our heroes should not be  
brought back. Nor will the difficulties  
be overcome strike Americans as  
bait as great as the obstacles swept  
aside when those same Yankee soldiers  
were rushing to France by millions.  
France's refusal to grant the return  
of her fallen soldiers will do little to  
improve the sentiments of friendship  
between the people of the United  
States and France.**The Bryan Revival.**

Johnstown Democrat.

The revival of the Bryan Demo-  
cratic League in New York by Harry W.  
Walker, who was the founder of that  
organization in 1908, is an interesting  
event in the world of politics. What it  
may come to is a question equally in-  
teresting.The Bryan Democratic League in this  
state in that year undoubtedly deter-  
mined the issue at Denver. Had the  
Guffey contingent been in control of  
the big Pennsylvania delegation at that  
time it is pretty certain that quite  
different results would have been re-  
corded in the great convention which  
put the Nebraska forward for a third  
time.The state organization under Mr.  
Guffey was bitterly hostile to Mr.  
Bryan. It was even bitterly hostile to  
the idea of selecting delegates pledged  
to the Bryan interest. It held that any  
one who was favorable to the Bryan  
cause was ipso facto antagonistic to  
the organization. The Bryan Demo-  
cratic League was not formed until it  
became apparent that only through  
organization would it be possible for  
the Democrats of the state to give ex-  
pression to their actual sentiments  
with respect to the various aspirants  
for the presidential nomination.The contest that followed was some-  
what spectacular. The Bryan Demo-  
cratic League was a militant organiza-  
tion. It rapidly extended its lines into  
all the congressional districts and in-  
to almost every county. The late  
Jerry Black was president of the  
league and Warren Worth Bailey was  
the secretary. The executive commit-  
tee comprised some of the most influ-  
ential Democrats in the state. Fre-  
quent meetings were held at Philadel-  
phia, Harrisburg and Pittsburgh; can-  
didates for delegates were registered in  
nearly every district in Pennsylvania;  
and an energetic Bryan campaign  
was carried on for months before the  
primaries came to tell the tale of ac-  
tual results. When these were an-  
nounced it was found that 52 of the 54  
delegates accredited to the state were  
pledged to Mr. Bryan and by inference  
to the debasement of the Guffey or-  
ganization. This was signalled at  
Denver by the choice of James Kerr  
for national chairman.Thus far there has been no indica-  
tion of a purpose in this state to re-  
organize the Bryan Democratic League.  
Mr. Kerr died before the election in  
1908. Mr. Black died several years  
later. A number of others prominent  
in the movement in 1908 have passed  
over the great divide. The present  
state organization is perhaps only  
less hostile to Mr. Bryan than that  
headed by Colonel Guffey 12 years  
ago. And conditions in general have  
changed materially in the meanwhile.

## NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

**Neel Farm Man Struck in  
Eye by Piece of Wood  
May Lose Sight.**

### FALLS ON WAY TO HOSPITAL

Andy Slater, Bohemian, 1, In Dazed Condition On Arrival There; Place for W. C. T. U. Institute Changed to Church of God Parsonage; Notes.

Special to The C. U. T.

MT. PLEASANT, Jan. 20.—Andy Slater, a Bohemian who lives on the Neel farm west of town, will likely lose the sight of his right eye from having a piece of wood that he was chopping strike him. Slater started for the doctor's office. After arriving at the office of Dr. F. L. Marsh he was sent on to the hospital to be treated. He fell on the ice and arrived at the hospital in an apparently dazed condition. His condition is somewhat improved.

W. C. T. U. Institute. The W. C. T. U. institute to have been held at the College avenue home of Mrs. D. H. Stoner on Wednesday has been changed and will be held at the Church of God parsonage. The change was made for the reason that Mrs. Seville McAfee, mother of Mrs. Stoner, fell and was injured and it was not considered wise to have the sessions there. The morning program will be opened at 10:30 o'clock the afternoon at 1:30.

Meeting Time Changed. The night for women's meeting has been changed from the third Friday of each month until the third Tuesday. The regular meeting will be tonight.

Auditors C. H. Jacques and John Miller and Frank Lischer will begin the audit of the borough books this evening and expect to complete the audit some time before morning.

## NOT A SNIFFLER, BUT A REAL MAN

at Tanlac Handle That Catarrh of the Nose Without Delay.

Are you one of those fellows who go around all the time sniffing and snuffling never stopping to take a true accounting of the cause of your condition? Ask the Tanlac Man. If you are you are more obnoxious than you may think. For you have a bad smelling breath and when you talk you make your presence a painful forbearance among your friends. It is probable that you neglected a cough or cold which resulted in catarrh, and you are suffering from a chronic affection of this nature.

## OLD KING LUDWIG RAGES WHEN THE NEWS COMES WILHELM MUST ANSWER

GENEVA, Jan. 20.—A state of profound anxiety and astonishment reigns in pan-German circles in Germany over the official demand of the Allies for the extradition of the former German emperor, according to a dispatch from Basle which is confirmed by Munich advices. The pan-Germans had hoped to the end that such a final step which affects the whole caste would not be taken. The dispatch says, "They argue that if their former chief is extradited nobody will be safe because the government's hand will be forced."

Look Out Dreadful Soreness. When the kidneys are weakened or overworked so that they fail to filter and throw all impurities out of the blood, the poison remains in the system and backache, soreness, lameness and rheumatic pains are likely to develop. Mrs. David Henry 65 S. Lincoln Ave. Washington, N. J. writes: "Foley Kidney Pills are doing me much good both my kidneys and the rheumatism. They took all the dreadful soreness out of my limbs. Sold everywhere—Adv."

How the Trouble Starts. Lack of outdoor exercise over eating insufficient mastication of the food. This results in constipation, headache, anxiety and worry. Take Chamberlain's Tablets immediately after supper. They will relieve your constipation and improve your digestion. Then correct your habits. Eat slowly, masticate your food thoroughly, walk three or four miles every day. Do that and you should get well and stay well—Adv.

Wood Asked to Explain. WASHINGTON, Jan. 20.—Chairman Butler of the House Naval Committee announced today that Major General Leonard Wood would be asked to appear before the committee to explain his statement that the navy is a "floating death trap" made in a speech last night.

Classified Advertisements Bring results. Not only 1c a word.

AND WHEN SHE DANCES There is the crispness of pink tulle for gay evolutions of tripping it on the light fantastic toe. It is a very simple little gown regardless of the fact that it is well decorated with gold lace. In fact the whole top of it is made to look like the décolletage where lace and material meet. More of the lace edges the party overskirt if so short a thing can be called an overskirt. The lower skirt is rather full and short.

## STOMACH GOOD AS NEW. FOUR DOCTORS GAVE HER UP

Mrs. Hendricks, Bedfast Five Months, Was Able to Work in Two Weeks.

I was sick last winter for five months with stomach and bowel trouble. Could not turn myself in bed without help. I was under the care of four doctors and they gave me up. Then Mr. Mills the druggist, persuaded my husband to try a bottle of Mills Emulsion. I had only taken it two days until I was sitting up in bed and in two weeks I was doing my own work when I began taking it. I weighed only 75 pounds now I weigh 130 pounds. Mrs. Mary Hendricks 380 Litchfield road, Owensboro, Ky. Thousands of people who have suffered for years from stomach and bowel troubles have found relief almost from the first dose of Mills Emulsion. And it is real lasting benefit. Mills Emulsion is a pleasant, nutritive food and a corrective medicine. It does away with all need of pills and poisons. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Mills Emulsion is strongly recommended to those whom sickness has weakened and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case you are urged to try Mills Emulsion under this guarantee—Take six bottles home, with you use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.25 per bottle. The Mills Emulsion Co. Terre Haute, Ind. Sold by druggists everywhere—Adv.

Railroads Buy Rails. The most important demand for steel before the mills today is on account of the railroads. It is understood that contracts for nearly 100,000 tons which had previously been covered by options have been converted into formal contracts made possible by a verbal agreement with the Railroad Administration.

## TO REDUCE DANGEROUS VARICOSE VEINS

People who have swollen veins or hunches should not wait until they reach the bursting point which means much suffering and loss of time, but should at once secure from any reliable druggist a two ounce original bottle of Moore's Emerald Oil (full strength). By using this powerful yet harmless germicide treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size and sufferers will cease to worry. Moore's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned. It reduces all kinds of enlarged glands, rotters and wens and is used exclusively in many large factories as an untailing first aid to the induced aneurism. Your druggist Connellsville Drug Co. can supply you—Adv.

## EASY FOR SERVICE MEN TO REINSTATE THEIR INSURANCE

Need Only to Make Payment of Premiums for Two Months Not Surprising That Many Have Lapsed.

The government, through the Bureau of War Risk Insurance, wrote approximately \$40,000,000 of insurance upon the lives of more than 4,500,000 service men and women. This is a large volume of insurance and is in force in the old-time insurance companies in the United States. Approximately 80 per cent of the men in active service during the war were protected by War Risk Insurance and the average protection was \$3,700.

While the men were in the service it was easy to collect the insurance premiums by deducting the amount due each month from their pay. Now the men have to look after the payment of their own premiums and the situation is further complicated by reason of the fact that the addresses of hundreds of thousands of them are no longer known to the Bureau of War Risk Insurance. Colonel R. G. Cholmondeley Jones, director of the Bureau of War Risk Insurance, said that so many former service men have not continued to make regular monthly payments of their War Risk Insurance premiums he says:

"In the first place very few of them realize that the government insurance as well as compensation and allowances is paid by the Treasury Department through the Bureau of War Risk Insurance. Neither do they realize that after their discharge from active service their checks or money orders for insurance premiums should be made payable to the treasurer of the United States and sent to Premium Receipt Section, Bureau of War Risk Insurance, Washington D. C. again it will take considerable time for the former service men to get on their feet and get their bearings even though they are healthy and strong."

"Many have not yet decided into what business activity they will enter or even where they intend to ultimately live. Lots of boys from the farms will locate in cities and many city boys may move into the country. In the interim, let it be much to expect that the matter of payment of their life insurance premiums should be come paramount in their minds."

"They must be given time to adjust themselves to new conditions but we don't want them to give up their insurance and under a recent ruling every one of them who has been insured, and who is in as good health as at the time of his discharge, has 18 months from the time of his discharge from the service in which to reinstate his War Risk Insurance."

The payment of only two premiums for reinstatement is now required—one to cover the month of grace during which the man was protected the other premium for the current month of reinstatement. The man however must state in his application that he is in as good health as when he was discharged or as he was when the grace period of his insurance expired which ever is the later date.

### MUSTARD GAS TO COMBAT POISONED ARROWS OF NATIVES

Machine Guns Also Will Be Used to Death for "White Cannibals" of Pacific Island.

By Associated Press.  
NEW YORK, Jan. 20.—Mustard gas and machine guns are to be used by Captain Harry de Wit, an English explorer, against the "white cannibals" of a tribe described as "white cannibals" on Tihouon Island, on the Pacific coast, he announced here today. Captain de Wit, said he would leave New York in a few days to lead an expedition of six civilians and three score Mexican soldiers to the island. Tihouon is said to have rich deposits of pitchblende from which radium is made.

The island is about 40 miles from Guaymas, Mexico, which, in turn, is only about 48 hours by rail from Tononad Beach, Cal. The Indians are said to be descendants of Dutch, Swedish and German prisoners who escaped from Mexican prisons several centuries ago. Of sixteen persons known to have visited the island in the past few years, in parties of two and three, only nine are said to have returned alive, the others falling victims to the flaxen-haired, blue-eyed, "white Indians" as the Mexican press call them.

"Four miles from the Mexican coast," said Mr. de Wit, "Tihouon is easily accessible. Explorers who live on the main land, call Tihouon the 'Island of Death' for the reason that any person who lands on it is shot by poisoned darts and then eaten by the natives. The cannibals, in addition to bows and arrows, use an ancient blunderbuss. They are supposed to number 500 to 2,000 persons."

"Besides myself, the expedition will lead will consist of Mackenzie Grieve, the companion of Harry de Wit; when he fell during his attempted transatlantic flight; an expert radium mining engineer; an expert copper mining engineer; Anton Gibbon, nephew of the President of the United States, in whose name the concession permitting the exploration of the island was issued; a man servant, and six Mexican soldiers, assigned to the party by the Mexican government. I imagine the searchings on the island will consume about three or four months."

### BRENNEN-BYRNE WEDDING TOMORROW IN PHILADELPHIA

Friend of Scottsdale Man in Service in France to Officiate in St. Patrick's Cathedral.

A wedding of interest to Scottsdale society is that of Miss Madeline Brennen, daughter of the late Mr. and Mrs. John P. Brennen of Scottsdale, and Edward A. Byrne, son of Mr. and Mrs. John R. Byrne of Everson, to be solemnized tomorrow morning at 9 o'clock in St. Patrick's cathedral, Philadelphia. Rev. Father E. A. Wolfe, a personal friend of the bridegroom, will officiate. Rev. Wolfe and Mr. Byrne became friends in France, the former being captain of the Third Infantry, which was merged with the Tenth Infantry, both forming the 116th. The ceremony will be witnessed by a number of relatives and friends of the young couple from Scottsdale and vicinity. The bride, who will be given in marriage by her brother, George Brennen, will wear a handsome gown of white satin and tulle, with a full court train, and will be accompanied by her mother, Mrs. John R. Byrne, who will be seated in place with orange blossoms. She will carry a shower bouquet of white roses, lilacs and valley lilies. Miss Teresa Brennen, her sister's maid of honor and only attendant, will appear in orchid satin and tulle and a black hat. She will carry an arm bouquet of pink roses. Thomas Lynch, of Scottsdale, will be best man. The ceremony will be followed by a wedding breakfast to be served in the east room of the Bellevue-Stratford hotel. Covers for thirty will be laid.

Miss Brennen is a prominent member of Scottsdale's rugged social set and is well known in Connelville's social circles. She was graduated from Mount St. Chantal college, Wheeling, W. Va. Mr. Byrne is a well-known coal operator, being identified with the Byrne interests and is also a member of the Byrne Real Estate company of Scottsdale. He is a brother of Mrs. John Buggan, Jr., and of Mrs. J. T. Wurtz, both of this city.

Among the guests who will attend the wedding are Mr. and Mrs. John R. Byrne, Misses Anna, Evelyn and Virginia Byrne, all of Everson; Misses Virginia, Helen, and Teresa Brennen, George and William Brennen, Mrs. A. L. Byrne, Walter Lockard, George O'Brien and Robert J. Ryan, all of Scottsdale; Mr. and Mrs. Frank Byrne, Mr. and Mrs. John T. Wurtz, Charles Donnelly and Cornell Santmyer, all of Connelville; Mr. and Mrs. J. I. Shaw and Harry Byrne of Uniontown; William J. Brennen, Miss Mary Brennen and Miss Louise Brennen of Philadelphia.

Traction Company Sued.  
NEW CASTLE, Pa., Jan. 19.—Charge of manslaughter were today made against officials of the Mahoning & Shenango Traction company by members of the city council, as the result of the killing of Mrs. C. C. Stutzinger of this city last night when a runaway one-man trolley car struck and demolished the automobile in which she was riding.

### Tells How to Stop a Bad Cough

Exquisite recipe from this famous and home-made syrup. Ready prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup. Instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, colds and influenza.

There are many worthless imitations of this mixture. To avoid disappointment, ask for 2½ ounces of Pinex with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## At the Theatres.

SCENE FROM "COME ALONG MARY" AT THE SOISSON TOMORROW.

## THE SOISSON

**COME ALONG MARY**—Which comes to the Soisson tomorrow afternoon and evening boasts of having one of the prettiest scenes of any play ever put on stage. The opening of the second act is laid in Hawaii, and shows the grounds of the Oriental Hotel, near Honolulu. Immense trees, with their over-hanging roots, and branches loaded with a wealth of beautiful brown foliage, and the golden flowers, peculiar to the Hawaiian Islands. In the distance can be seen the outline of the lake, with its waters sparkling under the soft rays of the Hawaiian moon. About the hotel grounds are seen groups of people, visitors, travelers, and native Hawaiian girls in their dresses of grass and flowers, while from the distance comes the sweet of the ukulele and the guitars of the Hawaiians singing their love songs, telling the "sweetest story ever told" as only the Hawaiians songs can tell it, and completing one of the most beautiful of stage pictures.

## THE SOISSON

**HER KINGDOM OF DRUMS**—Starring the beautiful Anita Stewart in her new production, is being shown today. The picture is intensely interesting and provides a charming role for Miss Stewart, who is supported by Mahlon Hamilton, Thomas Holding, Marshall Hamilton, Robert McKim, Edwin Stevens, Tully Marshall, Thomas Jefferson, Thomas Santachi, Kathleen Williams and Anna Q. Nilsson. A selected comedy is also being shown tomorrow afternoon and evening, "Come Along Mary," a musical comedy will be the attraction.

## THE PARAMOUNT

**WHEN A MAN LOVES**—With Earle Williams in the leading role, and a selected comedy are being presented today. The former production is in five acts and gives Mr. Williams a splendid opportunity to display his dramatic ability. Wednesday and Thursday Doris Kenyon, the delightful little star, will be seen in "The Handbox," pictured from the famous novel by Louis Joseph Vance, will be shown. The production is a melodrama, with the right kind of a love story, with suspense, action, mystery and tenderness. Miss Kenyon is supported by Alexander Gaden, Walter McEwan, Gretchen Hartman, Edward Keppeler, Maggie Weston, Logan Paul and Loraine Harding.

## THE DAWSON OPERA HOUSE

**A SAGE BRUSH HAMLET**—Starring William Desmond, is being shown today. This picture gives the popular big star a splendid opportunity for the rollicking brand of humor he has made his own in such productions as "Bare-Faced Gallagher" and "White-Washed Walls." It is western, breezy, full of clean and wholesome comedy and bristles with tense action that moves at a fast pace.

"Loud Larry" Lang is a role of

## Dickerson Run.

**DICKERSON RUN**, Jan. 19.—Mrs. H. G. Harris of Dawson was calling on Pittsburgh friends Saturday.

Mr. and Mrs. Walter Mickey and family spent Sunday visiting relatives and friends at Whitsett.

James Sidler has returned home after a few days' visit with friends at Altoona.

P. T. Kessler is doing jury duty at Uniontown this week.

## Elderly People Have A Daily Health Problem

Stomach muscles and digestive organs slow to act as age advances

**MOST** people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself

post 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 517 Washington St., Monticello, Illinois.

## CONFLUENCE PASTOR RESIGNS AND LEAVES FOR ARKANSAS CHURCH

Rev. C. W. Diehl Located at Upper Young Town for Number of Years and Departure Is Regretted.

Special to The Courier.  
CONFLUENCE, Jan. 20.—Rev. C. W. Diehl, pastor of the Christian church here for several years, with his family, has left for Arkansas where he has accepted a pastorate. The family had many friends here, who are sorry to see them leave.

Parke Bender is slightly improved from his recent illness.

Clarence Brown of Youngstown, O., is visiting his parents, Mr. and Mrs. D. H. Brown, and other friends here.

Mrs. Isaac Thomas of Markleysburg, who was visiting her daughter, Mrs. E. R. Bender, here, has gone to Conneltsville to visit friends.

Elmer Shipley son of Mr. and Mrs. B. S. Shipley, is reported quite ill.

Harry Hanna, county commissioner, has returned to the county seat after visiting his family at Dumas a few days.

The sleighing in this vicinity is excellent.

Samuel Grant of Pittsburg is visiting his parents here.

Harry Brown has returned from a visit with his wife who is a patient at the Cresson sanitarium and reports her getting along nicely.

## "BAYER CROSS" ON GENUINE ASPIRIN

Safe, Proper Directions in Each "Bayer" Package.

The "Bayer Cross" stamped on tablets means you are getting true "Bayer" Tablets of Aspirin, proved safe by millions of people—the genuine Aspirin prescribed by physicians for over 18 years.

In every handy "Bayer" package are proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally.

Tin boxes of 12 tablets cost only a few cents. Drugists also sell larger "Bayer" packages. Aspirin is the trademark of Bayer Manufacture of Monocarbonylacid.

## PLAN OF COMMUNISTS LABOR PARTY WAS TO GAIN UNION CONTROL

To Use Them as a Means of Fomenting Revolution; Surprising How Many Americans Had Become Members

Plans of the Communist and Communist Labor parties against whom great raids were recently made by government agents, to gain control of all labor organizations. Officials said it was distinctly surprising that each party numbered so many American citizens in its membership. The party rolls were said to carry the names of many persons well known in their respective communities and American citizens.

Although there is no Federal law under which American communists can be dealt with, department agents were not overlooking these. Their cases will be turned over to state governments.

The enactment of the new anti-sedition law before Congress is necessary "to meet the grave situation now confronting us," and to enable the Department of Justice to deal forcibly, effectively and quickly with American citizens who are seeking to injure or destroy the government," says Attorney General Palmer.

## WHISKY STOCK SEIZED

Government Takes Charge of Plant and 35,000 Barrels in Louisville.

By Associated Press.

LOUISVILLE, Ky., Jan. 20.—The government, through a search on Louisville, seized a warehouse of the distillery of R. B. Wasson & Co., with its equipment and 35,000 barrels of liquor.

The seizure was made under the direction of Collector of Internal Revenue Hamilton who said it resulted from the investigation into the alleged removal from the warehouse last week of 100 cases of whisky ostensibly for medicinal purposes which he said was not so marked as the law required.

The seizure was made under the direction of Collector of Internal Revenue Hamilton who said it resulted from the investigation into the alleged removal from the warehouse last week of 100 cases of whisky ostensibly for medicinal purposes which he said was not so marked as the law required.

## New February Numbers of

## Columbia Records

## Hackett and Barrientos in Exquisite Rigoletto Love Duet

These exclusive Columbia artists make a marvelous vocal combination in "E il Sol dell'Anima," the matchless duet of the Duke and Gilda from Verdi's *Rigoletto*. His seductive pleading and her response make this the supreme love aria of one of the greatest of all operas.

49616—\$2.00

## Grainger Sparkles in "Polish Dance"

That enticing melodious mixture of blitheness and pathos, Scharwenka's "Polish Dance in E Flat Minor," ripples forth alluringly under Percy Grainger's lightsome touch. On the reverse this exclusive Columbia artist renders that popular favorite by Grieg, "To the Springtime," and his own sailor's chantey, "One More Day, My John."

A-6128—\$1.50

## Seidel's Violin Sobs "Eili, Eili"

A marvelous feat of musicianship is this exclusive Columbia artist's rendering of "Eili, Eili," that age-old agonized cry to heaven. Actually human cries of despair, the wailing and sobs of multitudes, are in the tones of Toscha Seidel's violin.

49526—\$1.50

## And 46 Other Great Selections

The 51 new Columbia selections for February include 2 Grand Opera arias, 1 Neapolitan ballad sung by a Grand Opera star, 18 popular song hits, 8 orchestra selections, 4 band pieces, 3 piano solos, 2 accordion solos, 2 hymns, 1 violin solo and 10 dances, comprising 56 records, 3 waltzes and a one-step.

## Effects of "Labor Shortage"

FROM AMERICAN METAL MARKET

There is a good bit of loose thinking, and still more loose talking, on this subject of "labor shortage." There is no doubt that there is a labor shortage, with every prospect that the situation in this respect will grow more acute. Like many other things this is a matter of supply and demand. Obviously it would be much more rational to speak of there being a heavy demand for labor than to call the case one of light supply. Also, it would be more in keeping with present day ideas, the men are here, whether there are more jobs offered than there are men, or fewer. It is the demand that dictates, rather than the supply.

Were there not pinches when the individual must economize in his daily expenditures and times when he is prone to extravagance, it would require about the same amount of work to supply the common every day needs of the people. There is other work, however, of a construction character, representing the investment of capital rather than the purchasing of goods in certain lines with a plentiful supply required daily or at stated intervals, and it is the fluctuating supply of capital seeking investment that makes labor scarce in the excess supply. The present situation may certainly be best described as one of too much disposition to buy.

Apart from the above consideration, which is of general application, there is looseness of thought, or at least of expression, when it is predicted that a commodity is going to be scarce on account of the "labor shortage" for in many cases a labor shortage would interfere more with the consumption

than the production of the article. Take the case of nails, for instance. A man can make a great many more nails in a day than a man can drive. Assume for argument, ten times as many. Then if there is a scarcity of labor affecting the production of nails the remedy is for one man of every ten who is driving nails to get to work making nails. He will make more than enough for the other nine. Otherwise, ten men are going to be idle because one man is making from a job. There will have to be a balancing up and readjustment. Labor cannot be scarce in one line and plentiful in another unless there is dictation of wage rates on purely artificial grounds, for natural laws will bring about an equalization. If there is a surplus of coal miners and a deficiency of men needed to shovel coal under boilers, some of the idle coal miners will get jobs shoveling coal, or vice versa.

All the industries of the United States are closely inter-related. There are certain lines where a shortage of labor in certain lines with a plentiful supply in other lines. If a deficiency appeared in railroad labor, for instance, whereby the lines could haul only two-thirds the normal traffic, a great many men would very quickly be thrown out of jobs. If blast furnaces cannot operate rock workers, coal miners and ore miners will be rendered idle. Normally, the blast mills consume about 18 per cent of the pig iron produced. If they are short of labor and cannot operate pig iron will go begging and blast furnace workers be thrown out of employment.

## PRODUCTION OF COAL IN 1919 SHOWED BIG DECLINE ALL AROUND

Bituminous Estimated at 453,063,000, a Loss of 121,323,000 Tons.

ANTHRACITE 86,200,000

A Decrease of 12,828,000 Tons Compared With 1918; Heaviest Falling Off Occurred in November When 25,297,000 Tons Were Lost in Strike.

The preliminary estimate by F. G. Tyron, statistician of the United States Geological Survey, shows a heavy decrease in the production of bituminous and Pennsylvania anthracite coal compared with 1918. The total of the former is given as 453,063,000 tons, a decrease of 121,323,000 tons from 1918, and the smallest yearly production since 1913 when the total was 422,624,000 tons. The aggregate of both bituminous and anthracite during the year is estimated at 541,263,000, a decrease of 103,253,000 tons from 1918 and the smallest combined tonnage since 1915 when the total was 531,619,000.

Production by years, in net tons, since 1913 is shown in the following table:

Year	Anthracite	Bituminous	Total
1913	21,225,000	401,398,000	622,623,000
1914	20,821,000	397,781,000	618,602,000
1915	20,935,000	391,689,000	612,624,000
1916	21,773,000	380,229,000	602,002,000
1917	22,812,000	371,139,000	593,951,000
1918	23,825,000	357,803,000	581,628,000
1919	22,200,000	429,063,000	451,263,000

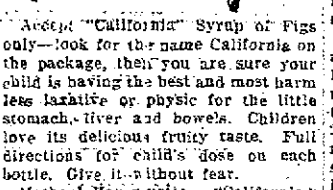

The record of monthly production of bituminous coal shows that November with a total of 18,535,000 tons was the smallest of the year, the falling off from November 1918 having been 25,297,000 tons—2,524,555,000 tons less than in the preceding month of October, 1918. The comparison by months is given in the following table:

Month	1918	1919
January	12,225,000	11,427,000
February	12,773,000	11,566,000
March	14,183,000	12,719,000
April	18,011,000	15,144,000
May	20,225,000	17,147,000
June	21,425,000	18,000,000
July	22,812,000	19,000,000
August	23,825,000	20,000,000
September	24,812,000	21,000,000
October	25,812,000	22,000,000
November	26,812,000	18,535,000

## "SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remedy Poisons From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother? You must say "California." Adv.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are "nervously" nervous, weaker, less energetic, less vigorous, less healthy, less able to do their work, less able to enjoy life, less able to resist disease, less able to live. These symptoms are due to nerve starvation. "Feed your nerves" and all these symptoms due to nerve starvation will disappear.

Renowned specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, thin people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright; and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people regain marked gains of weight in a few weeks. It is sold by the Connellsville Drug Co. and all good druggists.

CAUTION: Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkably fast-acting properties, be used by anyone who does not desire to put on flesh.

Electrification of Terminal and Erection of 14-story Building Part of Program.

PITTSBURGH, Jan. 29.—A \$100,000 improvement program, providing for vast expansions in Pittsburg, will be considered by the directors of the Pennsylvania railroad almost immediately after the return of the system to private ownership, it is officially announced.

The program contemplates the electrification of all outbound and inbound local trains, the erection of a 14-story office building on the drive in front of the Pennsylvania station, the closing conversion of Spring alley into a 40-tracks on the Port Wayne side; the construction of seven additional up of Liberty avenue from Eleventh street to Twenty-first street to allow foot thoroughfare to take the place of Liberty avenue, and the widening of the Fairview tunnels in Pittsburg and Sheridan.

All buildings bounded by Cherry and New Grant streets, from Liberty avenue to Seventh avenue, will be razed, and the space made into a great driveway that will connect with Bigelow boulevard.

Pennsylvania railroad officials say that these improvements are essential, because the company's facilities here are inadequate to handle the rapidly-growing traffic and general business.

The foregoing program has been contemplated more than two years, and the company has arranged to put it into execution March 1, 1921.

Coughed Night and Day. John Vague, Elberton, Ga., writes: "Last fall, when my neighbors were down with influenza, I took a severe cold and before I was aware of my condition I was down sick in bed. I coughed night and day and my throat was raw and sore. I put a bottle of Foley's Honey and Tar Compound and took eight small doses in two hours. My condition began to improve and in a few days I was as well as ever. In my opinion, Foley's is the best cough medicine made." Sold everywhere.—Adv.

For Constipation. For this disorder you will find nothing quite so good as Chamberlain's Tablets. When the proper dose is taken you hardly realize that the effect is not natural instead of having been produced by a medicine.—Adv.

WORKS HARD TO AVERT FLU EPIDEMIC. Government and City Health Officials Warn People to Keep Clean. Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water, sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials, containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Effects of "Labor Shortage"

FROM AMERICAN METAL MARKET

There is a good bit of loose thinking, and still more loose talking, on this subject of "labor shortage."

Like many other things this is a matter of supply and demand. Obviously it would be much more rational to speak of there being a heavy demand for labor than to call the case one of light supply.

Also, it would be more in keeping with present day ideas, the men are here, whether there are more jobs offered than there are men, or fewer. It is the demand that dictates, rather than the supply.

Were there not pinches when the individual must economize in his daily expenditures and times when he is prone to extravagance, it would require about the same amount of work to supply the common every day needs of the people.

There is other work, however, of a construction character, representing the investment of capital rather than the purchasing of goods in certain lines with a plentiful supply required daily or at stated intervals, and it is the fluctuating supply of capital seeking investment that makes labor scarce in the excess supply.

The present situation may certainly be best described as one of too much disposition to buy.

Apart from the above consideration, which is of general application, there is looseness of thought, or at least of expression, when it is predicted that a commodity is going to be scarce on account of the "labor shortage" for in many cases a labor shortage would interfere more with the consumption

than the production of the article. Take the case of nails, for instance. A man can make a great many more nails in a day than a man can drive.

Assume for argument, ten times as many. Then if there is a scarcity of labor affecting the production of nails the remedy is for one man of every ten who is driving nails to get to work making nails.

He will make more than enough for the other nine. Otherwise, ten men are going to be idle because one man is making from a job.

There will have to be a balancing up and readjustment. Labor cannot be scarce in one line and plentiful in another unless there is dictation of wage rates on purely artificial grounds, for natural laws will bring about an equalization.

If there is a surplus of coal miners and a deficiency of men needed to shovel coal under boilers, some of the idle coal miners will get jobs shoveling coal, or vice versa.

All the industries of the United States are closely inter-related. There are certain lines where a shortage of labor in certain lines with a plentiful supply in other lines.

If a deficiency appeared in railroad labor, for instance, whereby the lines could haul only two-thirds the normal traffic, a great many men would very quickly be thrown out of jobs.

If blast furnaces cannot operate rock workers, coal miners and ore miners will be rendered idle. Normally, the blast mills consume about 18 per cent of the pig iron produced.

If they are short of labor and cannot operate pig iron will go begging and blast furnace workers be thrown out of employment.

There is no secret of what gives it its snap and sparkle, its rich light color and high natural purity. CRU-DOLEUM is a high-grade of pure petroleum, that seems to have caught the very freshness of the sand and rocks through which nature had filtered it free from uncombined sulphur and carbon; it is wonderfully cleansing and antiseptic.

You may find many a bottle labeled "Petroleum," but there is only one SIM-CO CRU-DOLEUM.

The name SIM-CO is a mark of excellence, a mark of a dependable firm which is careful to select chemical quality; it is a guarantee of a superior product. Just go down to Connellsville Drug Co. or Broadway Drug Store.

Scotchman, throw down 35c and say CRU-DOLEUM. It will solve your hair and scalp problems. Let us prove to you by actual trial, at our expense if it fails, how this step has helped many others. If your druggist cannot supply you, send us 40c and we will forward you half a pint bottle by return mail.

Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburg, Pa.—Adv.

JERUSALEM'S ANCIENT WATER SUPPLY SYSTEM MODIFIED BY BRITISH

Was a Military Measure During War But Will Now Be of Permanent Value to the City.

Not since the days of the Roman Empire has running water been as plentiful in Jerusalem as after General Allenby's occupation of the city with his British troops. An American Red Cross engineer attached to the victorious army has written an interesting account of the engineering measures necessary to provide adequate water not only for the troops but for the population of the Holy City itself.

Rich water, stored in cisterns, aqueduct-borne water from Solomon's Pool amounting to 10,000 gallons per day, and the Pool of Siloam, virtually liquid sewage, constituted the sources of supply when the British entered the city. The rainless summer soon would be upon the city and immediate steps for increasing the water supply were necessary. So the British modified the ancient Herod-Pontius Pilate system.

The ancient engineers of the Roman world had sprung the water of the Wadi Akrab springs in rock-cut channels to a reservoir of 4,000,000 gallons capacity, and thence to Jerusalem by a masonry aqueduct via the Pool of Solomon. These rock-cut channels were thoroughly cleaned for literally "the dust of ages" blocked them. Large quantities of dirt, including the bodies of several individuals who might have lived in almost any period, were taken from the water.

The ancient reservoir was then repaired and pumps were installed, pumping water to a newly erected reservoir of 200,000 gallons capacity at a point near the springs, whence water flowed by the force of gravity to a reservoir constructed on a high point west of Jerusalem, so that it was possible for water pipes to carry a supply to any point in the town itself. These installations, erected as a military necessity, will be of permanent value to the city.

The work was begun April 15, 1918, and nine weeks later water was delivered to the inhabitants. Twelve miles of pipe line were added to insure this result. The daily supply was 238,000 gallons and during early summer, when the supply was plentiful, storage cisterns were filled in Jerusalem for the larger buildings.

Jerusalem contains rain water storage cisterns to the capacity of 250,000 gallons, a supply barely sufficient for the needs of Greater London for 36 hours.
